Local Government Information Model Release Notes
Release: June 2018

The following is a set of release notes for the Local Government Information Model.   Please refer to the Data Dictionary for additional information.

GDB Item	GDB Item Type	Description of Change
AgriculturalFacilityType	Domain	Added domain.
Agriculture Food and Livestock FCode	Domain	Removed domain.
AssignmentBreakType	Domain	Removed domain.
Banking and Finance FCode	Domain	Removed domain.
CommentRanking	Domain	Removed domain.
Commercial and Retail FCode	Domain	Removed domain.
CommercialFacilityType	Domain	Added domain.
CommodityStagingType	Domain	Removed domain.
CommunityEventType	Domain	Removed domain.
daAccessRepresentation	Domain	Removed domain.
daCauseDamage	Domain	Removed domain.
daDamageCategory	Domain	Removed domain.
daDegreeDamage	Domain	Removed domain.
Education Fcode	Domain	Removed domain.
EducationalFacilityType	Domain	Added domain.
Emergency Response and Law Enforcement FCode	Domain	Removed domain.
EmergencyFacility	Domain	Removed domain.
EmergencyFacilityType	Domain	Added domain.
EmergencyPODType	Domain	Removed domain.
Energy FCode	Domain	Removed domain.
EnergyFacilityType	Domain	Added domain.
EvacuationType	Domain	Removed domain.
FinancialFacilityType	Domain	Added domain.
Government and Military FCode	Domain	Removed domain.
GovernmentFacilityType	Domain	Added domain.
Health and Medical FCode	Domain	Removed domain.
IncidentCategory	Domain	Removed domain.
IncidentType	Domain	Removed domain.
IndustrialFacilityType	Domain	Added domain.
Industry FCode	Domain	Removed domain.
Information and Communication FCode	Domain	Removed domain.
InfoTechnologyFacilityType	Domain	Added domain.
IntersectionCrosswalkMaterial	Domain	Removed domain.
LandmarkFacilityType	Domain	Added domain.
LawDistrictType	Domain	Revised domain.
luDevSiteAcquistionType	Domain	Removed domain.
luDevSiteType	Domain	Removed domain.
luPermitStatus	Domain	Removed domain.
luPermitType	Domain	Removed domain.
MailShippingFacilityType	Domain	Added domain.
Mail and Shipping FCode	Domain	Removed domain.
MedicalFacilityType	Domain	Added domain.
MRPStatus	Domain	Removed domain.
NIMSDiscipline	Domain	Removed domain.

NIMSKind	Domain	Removed domain.
NIMSResourceType	Domain	Removed domain.
NIMSType	Domain	Removed domain.
OperationalDays	Domain	Revised domain.
OperationalHours	Domain	Revised domain.
OperationalStatus	Domain	Removed domain.
OverlayDistrictType	Domain	Added domain.
OwnerType	Domain	Revised domain.
ParkingPayDevice	Domain	Added domain.
ParkingPaymentType	Domain	Added domain.
ParkingRateUnit	Domain	Added domain.
ParkRecreationFacilitySiteType	Domain	Added domain.
ParkRecreationFacilityType	Domain	Added domain.
piAlertType	Domain	Removed domain.
PoliticalParty	Domain	Added domain.
Public Attractions and Landmark Structures FCode	Domain	Removed domain.
PublicSafetyResourceDiscipline	Domain	Removed domain.
PublicSafetyResourceType	Domain	Removed domain.
RedCrossShelterModel	Domain	Removed domain.
ResidentialFacilityType	Domain	Added domain.
ResidentialHomeType	Domain	Removed domain.
RoadBlockDuration	Domain	Removed domain.
RoadBlockReason	Domain	Removed domain.
SeverityDescription	Domain	Removed domain.
ShelterOperationalStatus	Domain	Removed domain.
SignalControllerForm	Domain	Removed domain.
SignalDetectorType	Domain	Removed domain.
SpecialDistrictType	Domain	Added domain.
TrailSkillType	Domain	Removed domain.
TrailSurfaceType	Domain	Removed domain.
TransportationFacilityType	Domain	Added domain.
Transportation Facilities FCode	Domain	Removed domain.
TrashRecyclingFacilityType	Domain	Added domain.
VideoFeedType	Domain	Removed domain.
Water Supply and Treatment FCode	Domain	Removed domain.
WaterSupplyTreatFacilityType	Domain	Added domain.
WaterUtilityDistrictType	Domain	Added domain.
Weather FCode	Domain	Removed domain.
WeatherFacilityType	Domain	Added domain.
AccessPoint	Feature Class	Removed from EmergencyOperations feature dataset, included in Emergency Management solution.
AgriculturalFacility	Feature Class	Added to ReferenceData feature dataset.
AgriculturalSite	Feature Class	Added to ReferenceData feature dataset.
Arrest	Feature Class	Removed from LawEnforcementOperations feature dataset.
AssignmentBreak	Feature Class	Removed from EmergencyOperations feature dataset, included in Emergency Management solution.
AssignmentBreakLabel	Feature Class	Removed from EmergencyOperations feature dataset, included in Emergency Management solution.
AttorneyGeneral	Feature Class	Added to ElectoralDistricts feature dataset.
BoatLaunch	Feature Class	Added to ReferenceData feature dataset.
CallService	Feature Class	Removed from LawEnforcementOperations feature dataset.
CensusLandmarkPoint	Feature Class	Removed from Demography feature dataset.
CommercialBusiness	Feature Class	Removed from ReferenceData feature dataset.
CommercialFacility	Feature Class	Added to ReferenceData feature dataset.

CommercialSite	Feature Class	Added to ReferenceData feature dataset.
CommodityDistributionPoint	Feature Class	Removed from EmergencyOperations feature dataset, included in Emergency Management solution.
CommodityStagingPoint	Feature Class	Removed from EmergencyOperations feature dataset, included in Emergency Management solution.
CommunityCenter	Feature Class	Removed from ReferenceData feature dataset.
CommunityEvent	Feature Class	Removed from LandUseOperations feature dataset, included in the ArcGIS for Local Government Service Catalog.
CountyAuditor	Feature Class	Added to ElectoralDistricts feature dataset.
CountyClerk	Feature Class	Added to ElectoralDistricts feature dataset.
CountyCoroner	Feature Class	Added to ElectoralDistricts feature dataset.
CountyDistrict	Feature Class	Added to ElectoralDistricts feature dataset.
CountyExecutive	Feature Class	Added to ElectoralDistricts feature dataset.
CountyProsecutor	Feature Class	Added to ElectoralDistricts feature dataset.
CountyRecorder	Feature Class	Added to ElectoralDistricts feature dataset.
CountySheriff	Feature Class	Added to ElectoralDistricts feature dataset.
CountyTreasurer	Feature Class	Added to ElectoralDistricts feature dataset.
DamageComBuilding	Feature Class	Removed from EmergencyOperations feature dataset, included in Emergency Management solution.
DamagePublicFacility	Feature Class	Removed from EmergencyOperations feature dataset, included in Emergency Management solution.
DamageResBuilding	Feature Class	Removed from EmergencyOperations feature dataset, included in Emergency Management solution.
DevelopmentSite	Feature Class	Removed from LandUseOperations feature dataset, included in the ArcGIS for Local Government Service Catalog.
EducationalFacility	Feature Class	Added to ReferenceData feature dataset.
EducationalSite	Feature Class	Added to ReferenceData feature dataset.
EducationFacility	Feature Class	Removed from ReferenceData feature dataset.
EmergencyFacility	Feature Class	Removed from EmergencyOperations feature dataset, included in Emergency Management solution.
EmergencyResponseFacility	Feature Class	Added to ReferenceData feature dataset.
EmergencyResponseSite	Feature Class	Added to ReferenceData feature dataset.
EmergencyShelter	Feature Class	Removed from EmergencyOperations feature dataset, included in Emergency Management solution.
EMSDistrict	Feature Class	Revised field names and domains.
EnergyFacility	Feature Class	Added to ReferenceData feature dataset.
EnergySite	Feature Class	Added to ReferenceData feature dataset.
EngineeringGrid	Feature Class	Removed feature class.
EvacuationArea	Feature Class	Removed from EmergencyOperations feature dataset, included in Emergency Management solution.
EvacuationRoute	Feature Class	Removed from EmergencyOperations feature dataset, included in Emergency Management solution.
ExclusionHotZone	Feature Class	Removed from EmergencyOperations feature dataset, included in Emergency Management solution.
FacilitySite	Feature Class	Removed from ReferenceData feature dataset.
FacilitySitePoint	Feature Class	Removed from ReferenceData feature dataset.
FinancialFacility	Feature Class	Added to ReferenceData feature dataset.
FinancialSite	Feature Class	Added to ReferenceData feature dataset.
FireDistrict	Feature Class	Revised field names and domains.
FireIncident	Feature Class	Removed from FireServiceOperations feature dataset.
FireStation	Feature Class	Removed from ReferenceData feature dataset.
GeopoliticalArea	Feature Class	Moved to ReferenceData feature dataset.
GolfCourse	Feature Class	Added to ReferenceData feature dataset.
GovernmentFacility	Feature Class	Added to ReferenceData feature dataset.
GovernmentSite	Feature Class	Added to ReferenceData feature dataset.
Governor	Feature Class	Added to ElectoralDistricts feature dataset.
HazardousFacility	Feature Class	Removed from ReferenceData feature dataset.
HouseWorship	Feature Class	Removed from ReferenceData feature dataset.
IndustrialFacility	Feature Class	Added to ReferenceData feature dataset.
IndustrialSite	Feature Class	Added to ReferenceData feature dataset.
InfoTechnologyFacility	Feature Class	Added to ReferenceData feature dataset.
InfoTechnologySite	Feature Class	Added to ReferenceData feature dataset.
LandmarkFacility	Feature Class	Added to ReferenceData feature dataset.

LandmarkSite	Feature Class	Added to ReferenceData feature dataset.
LawDistrict	Feature Class	Revised field names and domains.
Library	Feature Class	Removed from ReferenceData feature dataset.
LieutenantGovernor	Feature Class	Added to ElectoralDistricts feature dataset.
LocalAuditor	Feature Class	Added to ElectoralDistricts feature dataset.
LocalClerk	Feature Class	Added to ElectoralDistricts feature dataset.
LocalDistrict	Feature Class	Added to ElectoralDistricts feature dataset.
LocalExecutive	Feature Class	Added to ElectoralDistricts feature dataset.
LocalTaxDistrict	Feature Class	Removed feature class.
LocalTreasurer	Feature Class	Added to ElectoralDistricts feature dataset.
luPermit	Feature Class	Removed from LandUseOperations feature dataset, included in the ArcGIS for Local Government Service Catalog.
MailShippingFacility	Feature Class	Added to ReferenceData feature dataset.
MailShippingSite	Feature Class	Added to ReferenceData feature dataset.
MedicalSite	Feature Class	Added to ReferenceData feature dataset.
MissionReadyPackage	Feature Class	Removed from EmergencyOperations feature dataset, included in Emergency Management solution.
Museum	Feature Class	Removed from ReferenceData feature dataset.
Neighborhood	Feature Class	Added to ReferenceData feature dataset.
Offense	Feature Class	Removed from LawEnforcementOperations feature dataset.
OpsIncidentArea	Feature Class	Removed from EmergencyOperations feature dataset, included in Emergency Management solution.
OpsIncidentLine	Feature Class	Removed from EmergencyOperations feature dataset, included in Emergency Management solution.
OpsIncidentPoint	Feature Class	Removed from EmergencyOperations feature dataset, included in Emergency Management solution.
OverlayDistrict	Feature Class	Added to LandUsePlanning feature dataset.
Park	Feature Class	Removed from ReferenceData feature dataset.
ParkRecreationFacility	Feature Class	Added to ReferenceData feature dataset.
ParkRecreationSite	Feature Class	Added to ReferenceData feature dataset.
Parole	Feature Class	Removed from LawEnforcementOperations feature dataset.
piAlert	Feature Class	Removed feature class.
Plume	Feature Class	Removed from EmergencyOperations feature dataset, included in Emergency Management solution.
PoliceStation	Feature Class	Removed from ReferenceData feature dataset.
PollingPlace	Feature Class	Added to ElectoralDistricts feature dataset.
PostOffice	Feature Class	Removed from ReferenceData feature dataset.
PrecinctHasPollingPlaces	Feature Class	Added to ElectoralDistricts feature dataset.
PresidentofUS	Feature Class	Added to ElectoralDistricts feature dataset.
PrintGrid	Feature Class	Removed feature class.
Probationer	Feature Class	Removed from LawEnforcementOperations feature dataset.
PSAPDistrict	Feature Class	Revised field names and domains.
PublicSafetyResource	Feature Class	Removed from EmergencyOperations feature dataset, included in Emergency Management solution.
PublicWork	Feature Class	Removed from ReferenceData feature dataset.
PublicWorksDistrict	Feature Class	Revised field names and domains.
RailroadStation	Feature Class	Removed from ReferenceData feature dataset.
RecyclingFacility	Feature Class	Removed from ReferenceData feature dataset.
ResidentialFacility	Feature Class	Added to ReferenceData feature dataset.
ResidentialSite	Feature Class	Added to ReferenceData feature dataset.
ResourceAssignment	Feature Class	Removed from EmergencyOperations feature dataset, included in Emergency Management solution.
RoadBlock	Feature Class	Removed from InfrastructureOperations feature dataset, included in the ArcGIS for Local Government Service Catalog.
RoadBlockPoint	Feature Class	Removed from InfrastructureOperations feature dataset, included in the ArcGIS for Local Government Service Catalog.
RoadDetour	Feature Class	Removed from InfrastructureOperations feature dataset, included in the ArcGIS for Local Government Service Catalog.
SchooDistrict	Feature Class	Moved to ReferenceData feature dataset.
SchoolDistrict	Feature Class	Revised field names and domains.
SchoolTaxDistrict	Feature Class	Removed feature class.
SecretaryState	Feature Class	Added to ElectoralDistricts feature dataset.

SecurityImprovement	Feature Class	Removed from EmergencyOperations feature dataset, included in Emergency Management solution.
SexOffender	Feature Class	Removed from LawEnforcementOperations feature dataset.
SpecialDistrict	Feature Class	Added to ReferenceData feature dataset.
SpecialDistrict	Feature Class	Added to ReferenceData feature dataset.
SpecialTaxDistrict	Feature Class	Removed feature class.
StateAuditor	Feature Class	Added to ElectoralDistricts feature dataset.
StateHouseDistrict	Feature Class	Added to ElectoralDistricts feature dataset.
StateSenateDistrict	Feature Class	Added to ElectoralDistricts feature dataset.
StateTreasurer	Feature Class	Added to ElectoralDistricts feature dataset.
TaxParcelAppeal	Feature Class	Removed from AssessmentInformation feature dataset, included in the ArcGIS for Local Government Service Catalog.
TaxParcelForeclosure	Feature Class	Removed from AssessmentInformation feature dataset, included in the ArcGIS for Local Government Service Catalog.
TaxParcelNeighborhood	Feature Class	Removed from AssessmentInformation feature dataset, included in the ArcGIS for Local Government Service Catalog.
TaxParcelSale	Feature Class	Removed from AssessmentInformation feature dataset, included in the ArcGIS for Local Government Service Catalog.
Trail	Feature Class	Removed from FacilitiesStreets feature dataset, included in the ArcGIS for Local Government Service Catalog.
TransportationFacility	Feature Class	Added to ReferenceData feature dataset.
TransportationSite	Feature Class	Added to ReferenceData feature dataset.
TrashRecyclingFacility	Feature Class	Added to ReferenceData feature dataset.
TrashRecyclingSite	Feature Class	Added to ReferenceData feature dataset.
USHouseDistrict	Feature Class	Added to ElectoralDistricts feature dataset.
USNationalGrid	Feature Class	Moved to FireServiceOperations feature dataset.
USSenateDistrict	Feature Class	Added to ElectoralDistricts feature dataset.
VideoFeed	Feature Class	Removed from EmergencyOperations feature dataset, included in Emergency Management solution.
VotingPrecinct	Feature Class	Added to ElectoralDistricts feature dataset.
Warrant	Feature Class	Removed from LawEnforcementOperations feature dataset.
WaterSupplyTreatFacility	Feature Class	Added to ReferenceData feature dataset.
WaterSupplyTreatSite	Feature Class	Added to ReferenceData feature dataset.
WaterUtilityDistrict	Feature Class	Added to InfrastructureOperations feature dataset.
WeatherFacility	Feature Class	Added to ReferenceData feature dataset.
WeatherSite	Feature Class	Added to ReferenceData feature dataset.
AssessmentInformation	Feature Dataset	Removed feature dataset.
ElectoralDistricts	Feature Dataset	Added feature dataset.
EmergencyOperations	Feature Dataset	Removed feature dataset.
InfrastructureOperations	Feature Dataset	Removed feature dataset.
LandUseOperations	Feature Dataset	Removed feature dataset.
Census2010SummaryFile1	Table	Removed from geodatabase.
CitizenContactInfo	Table	Removed from geodatabase.
GovServiceInfo	Table	Removed from geodatabase.
ParkRecComment	Table	Removed from geodatabase.
ParkRecInfo	Table	Removed from geodatabase.
StreetIntersectionDetail	Table	Removed from geodatabase.

Local Government Information Model Release Notes
Release: March 2017

AED	Feature Class	Removed from FireOperations feature dataset, included in the ArcGIS for Local Government Service Catalog.
AssessAppealApplicants	Feature Class	Removed from AssessmentInformation feature dataset, included in the ArcGIS for Local Government Service Catalog.
BridgeMaintAgreement	Feature Class	Removed from InfrastructureOperations feature dataset, included in the ArcGIS for Local Government Service Catalog.
BridgePoint	Feature Class	Removed from FacilitiesStreets feature dataset, included in the ArcGIS for Local Government Service Catalog.
CallVolumeDistrictReport	Feature Class	Removed from InfrastructureOperations feature dataset.
CallVolumeSnowMapReport	Feature Class	Removed from InfrastructureOperations feature dataset.
CIPPoints	Feature Class	Removed from CapitalPlanning feature dataset, included in separate utility geodatabase.
CIPPolygons	Feature Class	Removed from CapitalPlanning feature dataset, included in separate utility geodatabase.
CIPPolylines	Feature Class	Removed from CapitalPlanning feature dataset, included in separate utility geodatabase.
CIPProjects	Feature Class	Removed from CapitalPlanning feature dataset, included in separate utility geodatabase.
CIPProjectsLocations	Feature Class	Removed from CapitalPlanning feature dataset, included in separate utility geodatabase.
CIPProjectsOverview	Feature Class	Removed from CapitalPlanning feature dataset, included in separate utility geodatabase.
ConflictedAreas	Feature Class	Added to CadastralReference feature dataset.
ControlCorner	Feature Class	Removed from CadastralReference feature dataset.
CountyDistrict	Feature Class	Removed from ElectionAdministration feature dataset, included in the ArcGIS for Local Government Service Catalog.
CurbRamp	Feature Class	Removed from FacilitiesStreets feature dataset, included in the ArcGIS for Local Government Service Catalog.
CurrentSnowPlowLocation	Feature Class	Removed from Telemetry feature dataset.
EarlyVotingLocation	Feature Class	Removed from ElectionAdministration feature dataset, included in the ArcGIS for Local Government Service Catalog.
FEMAFloodZone	Feature Class	Removed from LandUseOperations feature dataset, included in the ArcGIS for Local Government Service Catalog.
FieldInterview	Feature Class	Removed from LawEnforcementOperations feature dataset, included in the ArcGIS for Local Government Service Catalog.
FireSafetySurvey	Feature Class	Removed from FireOperations feature dataset, included in the ArcGIS for Local Government Service Catalog.
Guardrail	Feature Class	Removed from FacilitiesStreets feature dataset, included in the ArcGIS for Local Government Service Catalog.
HistoricSnowPlowLocation	Feature Class	Removed from Telemetry feature dataset.
IncentiveZone	Feature Class	Removed from LandUsePlanning feature dataset, included in the ArcGIS for Local Government Service Catalog.
LandscapeMaintAgreement	Feature Class	Removed from InfrastructureOperations feature dataset, included in the ArcGIS for Local Government Service Catalog.
LandUseCase	Feature Class	Removed from LandUsePlanning feature dataset, included in the ArcGIS for Local Government Service Catalog.
LocalDistrict	Feature Class	Removed from ElectionAdministration feature dataset, included in the ArcGIS for Local Government Service Catalog.
luCodeViolation	Feature Class	Removed from LandUseOperations feature dataset, included in the ArcGIS for Local Government Service Catalog.
luWorkorder	Feature Class	Removed from LandUseOperations feature dataset, included in the ArcGIS for Local Government Service Catalog.
MeanderedWater	Feature Class	Added to CadastralReference feature dataset.
NFPA704	Feature Class	Removed from PublicSafetyPlanning feature dataset, included in the ArcGIS for Local Government Service Catalog.
ParcelMarkup	Feature Class	Removed from CitizenService feature dataset, included in the ArcGIS for Local Government Service Catalog.
ParkingPayStation	Feature Class	Removed from FacilitiesStreets feature dataset, included in the ArcGIS for Local Government Service Catalog.
ParkingSpace	Feature Class	Removed from FacilitiesStreets feature dataset, included in the ArcGIS for Local Government Service Catalog.
PaveMarkMaintAgreement	Feature Class	Removed from InfrastructureOperations feature dataset, included in the ArcGIS for Local Government Service Catalog.
PavementMarkingLine	Feature Class	Removed from FacilitiesStreets feature dataset, included in the ArcGIS for Local Government Service Catalog.
PavementMarkingPoint	Feature Class	Removed from FacilitiesStreets feature dataset, included in the ArcGIS for Local Government Service Catalog.
PerformanceIndicator	Feature Class	Removed from ExecutiveReporting feature dataset.
PlanDrawing	Feature Class	Removed from InfrastructureOperations feature dataset, included in the ArcGIS for Local Government Service Catalog.
PlowActivityDistrictReport	Feature Class	Removed from InfrastructureOperations feature dataset.
PlowActivitySnowMapReport	Feature Class	Removed from InfrastructureOperations feature dataset.
PLSSBoundary	Feature Class	Removed from CadastralReference feature dataset.
PLSSFirstDivision	Feature Class	Added to CadastralReference feature dataset.
PLSSPoint	Feature Class	Added to CadastralReference feature dataset.
PLSSQuarterSection	Feature Class	Removed from CadastralReference feature dataset.
PLSSSecondDivision	Feature Class	Added to CadastralReference feature dataset.
PLSSSection	Feature Class	Removed from CadastralReference feature dataset.
PLSSSpecialSurvey	Feature Class	Added to CadastralReference feature dataset.
PLSSTownship	Feature Class	Revised field names and values to match US Cadastral Standard.
Pole	Feature Class	Removed from FacilitiesStreets feature dataset, included in the ArcGIS for Local Government Service Catalog.

PollingPlace	Feature Class	Removed from ElectionAdministration feature dataset, included in the ArcGIS for Local Government Service Catalog.
PreIncidentPlan	Feature Class	Removed from PublicSafetyPlanning feature dataset, included in the ArcGIS for Local Government Service Catalog.
PreIncidentPlanArea	Feature Class	Removed from PublicSafetyPlanning feature dataset, included in the ArcGIS for Local Government Service Catalog.
PreIncidentPlanComplex	Feature Class	Removed from PublicSafetyPlanning feature dataset, included in the ArcGIS for Local Government Service Catalog.
PreIncidentPlanLine	Feature Class	Removed from PublicSafetyPlanning feature dataset, included in the ArcGIS for Local Government Service Catalog.
PreIncidentPlanNote	Feature Class	Removed from PublicSafetyPlanning feature dataset, included in the ArcGIS for Local Government Service Catalog.
PreIncidentPlanPhoto	Feature Class	Removed from PublicSafetyPlanning feature dataset, included in the ArcGIS for Local Government Service Catalog.
PreIncidentPlanPoint	Feature Class	Removed from PublicSafetyPlanning feature dataset, included in the ArcGIS for Local Government Service Catalog.
RRCrossing	Feature Class	Removed from FacilitiesStreets feature dataset, included in the ArcGIS for Local Government Service Catalog.
SanitaryMaintAgreement	Feature Class	Removed from InfrastructureOperations feature dataset, included in the ArcGIS for Local Government Service Catalog.
ServiceRequest	Feature Class	Removed from CitizenService feature dataset.
SewerStormwater_Net_Junctions	Feature Class	Removed from SewerStormwater feature dataset, included in separate utility geodatabase.
Sidewalk	Feature Class	Removed from FacilitiesStreets feature dataset, included in the ArcGIS for Local Government Service Catalog.
Sign	Feature Class	Removed from FacilitiesStreets feature dataset, included in the ArcGIS for Local Government Service Catalog.
Signal	Feature Class	Removed from FacilitiesStreets feature dataset, included in the ArcGIS for Local Government Service Catalog.
SignalCabinet	Feature Class	Removed from FacilitiesStreets feature dataset, included in the ArcGIS for Local Government Service Catalog.
SignalMaintAgreement	Feature Class	Removed from InfrastructureOperations feature dataset, included in the ArcGIS for Local Government Service Catalog.
SignMaintAgreement	Feature Class	Removed from InfrastructureOperations feature dataset, included in the ArcGIS for Local Government Service Catalog.
ssBend	Feature Class	Removed from SewerStormwater feature dataset, included in separate utility geodatabase.
ssCasing	Feature Class	Removed from SewerStormwater feature dataset, included in separate utility geodatabase.
ssControlValve	Feature Class	Removed from SewerStormwater feature dataset, included in separate utility geodatabase.
ssDetention	Feature Class	Removed from SewerStormwater feature dataset, included in separate utility geodatabase.
ssDischargePoint	Feature Class	Removed from SewerStormwater feature dataset, included in separate utility geodatabase.
ssFitting	Feature Class	Removed from SewerStormwater feature dataset, included in separate utility geodatabase.
ssGravityMain	Feature Class	Removed from SewerStormwater feature dataset, included in separate utility geodatabase.
ssInlet	Feature Class	Removed from SewerStormwater feature dataset, included in separate utility geodatabase.
ssLateralLine	Feature Class	Removed from SewerStormwater feature dataset, included in separate utility geodatabase.
ssManhole	Feature Class	Removed from SewerStormwater feature dataset, included in separate utility geodatabase.
ssNetworkStructure	Feature Class	Removed from SewerStormwater feature dataset, included in separate utility geodatabase.
ssOpenDrain	Feature Class	Removed from SewerStormwater feature dataset, included in separate utility geodatabase.
ssPressurizedMain	Feature Class	Removed from SewerStormwater feature dataset, included in separate utility geodatabase.
ssPump	Feature Class	Removed from SewerStormwater feature dataset, included in separate utility geodatabase.
ssServiceConnection	Feature Class	Removed from SewerStormwater feature dataset, included in separate utility geodatabase.
ssSystemValve	Feature Class	Removed from SewerStormwater feature dataset, included in separate utility geodatabase.
ssTap	Feature Class	Removed from SewerStormwater feature dataset, included in separate utility geodatabase.
ssTestStation	Feature Class	Removed from SewerStormwater feature dataset, included in separate utility geodatabase.
ssValveOperator	Feature Class	Removed from SewerStormwater feature dataset, included in separate utility geodatabase.
ssVault	Feature Class	Removed from SewerStormwater feature dataset, included in separate utility geodatabase.
ssVirtualDrainline	Feature Class	Removed from SewerStormwater feature dataset, included in separate utility geodatabase.
StateHouseDistrict	Feature Class	Removed from ElectionAdministration feature dataset, included in the ArcGIS for Local Government Service Catalog.
Stormwater_Net_Junctions	Feature Class	Removed from Stormwater feature dataset, included in separate utility geodatabase.
StormwaterMaintAgreement	Feature Class	Removed from InfrastructureOperations feature dataset, included in the ArcGIS for Local Government Service Catalog.
StreetFurniture	Feature Class	Removed from FacilitiesStreets feature dataset, included in the ArcGIS for Local Government Service Catalog.
Streetlight	Feature Class	Removed from FacilitiesStreets feature dataset, included in the ArcGIS for Local Government Service Catalog.
StreetlightMaintAgreement	Feature Class	Removed from InfrastructureOperations feature dataset, included in the ArcGIS for Local Government Service Catalog.
StreetMaintAgreement	Feature Class	Removed from InfrastructureOperations feature dataset, included in the ArcGIS for Local Government Service Catalog.
swCasing	Feature Class	Removed from Stormwater feature dataset, included in separate utility geodatabase.
swCleanOut	Feature Class	Removed from Stormwater feature dataset, included in separate utility geodatabase.
swControlValve	Feature Class	Removed from Stormwater feature dataset, included in separate utility geodatabase.
swCulvert	Feature Class	Removed from Stormwater feature dataset, included in separate utility geodatabase.
swDetention	Feature Class	Removed from Stormwater feature dataset, included in separate utility geodatabase.

swDischargePoint	Feature Class	Removed from Stormwater feature dataset, included in separate utility geodatabase.
swFitting	Feature Class	Removed from Stormwater feature dataset, included in separate utility geodatabase.
swGravityMain	Feature Class	Removed from Stormwater feature dataset, included in separate utility geodatabase.
swInlet	Feature Class	Removed from Stormwater feature dataset, included in separate utility geodatabase.
swManhole	Feature Class	Removed from Stormwater feature dataset, included in separate utility geodatabase.
swNetworkStructure	Feature Class	Removed from Stormwater feature dataset, included in separate utility geodatabase.
swOpenDrain	Feature Class	Removed from Stormwater feature dataset, included in separate utility geodatabase.
swPressurePipe	Feature Class	Removed from Stormwater feature dataset, included in separate utility geodatabase.
swSystemValve	Feature Class	Removed from Stormwater feature dataset, included in separate utility geodatabase.
swVirtualDrainline	Feature Class	Removed from Stormwater feature dataset, included in separate utility geodatabase.
swWeirStructure	Feature Class	Removed from Stormwater feature dataset, included in separate utility geodatabase.
TaxRevertedProperty	Feature Class	Removed from AssessmentInformation feature dataset, included in the ArcGIS for Local Government Service Catalog.

Local Government Information Model Release Notes
Release: June 2016

The following is a set of release notes for the Local Government Information Model.   Please refer to the Data Dictionary for additional information.

GDB Item	GDB Item Type	Description of Change
EMSDistrictType	Domain	Added domain.
FireDistrictType	Domain	Added domain.
GeopoliticalAreaType	Domain	Added domain.
LawDistrictType	Domain	Added domain.
piProjectFundSource	Domain	Removed domain.
piProjectPhase	Domain	Removed domain.
piProjectPlanStatus	Domain	Removed domain.
piProjectType	Domain	Removed domain.
PublicWorksDistrictType	Domain	Added domain.
SchoolDistrictType	Domain	Added domain.
SpecialEventAreaType	Domain	Removed domain.
SpecialEventLineType	Domain	Removed domain.
SpecialEventPointType	Domain	Removed domain.
SpecialEventStatus	Domain	Removed domain.
ValueMethod	Domain	Added TRIGGER_AAEVENT_FROM_EDGE, TRIGGER_AAEVENT_TO_EDGE, TRIGGER_AAEVENT_INTERSECTING_FEATURE, TRIGGER_AAEVENT_TO_JUNCTION, TRIGGER_AAEVENT_FROM_JUNCTION, INTERSECTING_BOOLEAN, and INTERSECT_COUNT values.
WaterUtilityDistrictType	Domain	Added domain.
AdministrativeAreaBoundaryLine	Feature Class	Removed from AdministrativeArea feature dataset.
CapitalImprovementPlan	Feature Class	Removed from InfrastructureOperations feature dataset, included in the ArcGIS for Local Government Service Catalog.
CitizenPlanningProposal	Feature Class	Removed from CitizenService feature dataset.
CommunityAddress	Feature Class	Removed from CitizenService feature dataset, included in the ArcGIS for Local Government Service Catalog.
CountyBoundary	Feature Class	Removed from AdministrativeArea feature dataset.
EducationFacility	Feature Class	Removed SUBTYPEFIELD and revised alias.
EMSDistrict	Feature Class	Added to FireServiceOperations feature dataset.
ExternalAgencyProject	Feature Class	Removed from InfrastructureOperations feature dataset, included in the ArcGIS for Local Government Service Catalog.
FireBoundary	Feature Class	Removed from FireServiceOperations feature dataset.
FireBoundaryLine	Feature Class	Removed from FireServiceOperations feature dataset.
FireDistrict	Feature Class	Added to FireServiceOperations feature dataset.
GeopoliticalArea	Feature Class	Added to AdministrativeArea feature dataset.
InfrastructureProject	Feature Class	Removed from InfrastructureOperations feature dataset, included in the ArcGIS for Local Government Service Catalog.
LawBoundary	Feature Class	Removed from LawEnforcementOperations feature dataset.
LawDistrict	Feature Class	Added to LawEnforcementOperations feature dataset.
MunicipalBoundary	Feature Class	Removed from AdministrativeArea feature dataset.
ParcelFabric		Upgraded to the ArcGIS 10.4 schema.
PavementMoratorium	Feature Class	Removed from InfrastructureOperations feature dataset, included in the ArcGIS for Local Government Service Catalog.
piBoundary	Feature Class	Removed from InfrastructureOperations feature dataset.
piBoundaryLine	Feature Class	Removed from InfrastructureOperations feature dataset.
piServiceArea	Feature Class	Removed from InfrastructureOperations feature dataset.
PSAPDistrict	Feature Class	Added to LawEnforcementOperations feature dataset.
PublicWorksDistrict	Feature Class	Added to InfrastructureOperations feature dataset.
RoadCenterline	Feature Class	Removed OWNEDBY and MAINTBY fields.
SchoolBoundary	Feature Class	Removed from AdministrativeArea feature dataset.
SchoolDistrict	Feature Class	Added to AdministrativeArea feature dataset.
SchoolDistrictHasSchools	Feature Class	Added to AdministrativeArea feature dataset.

SpecialEvent	Feature Class	Removed from PublicSafetyPlanning feature dataset.
SpecialEventArea	Feature Class	Removed from PublicSafetyPlanning feature dataset.
SpecialEventLine	Feature Class	Removed from PublicSafetyPlanning feature dataset.
SpecialEventPoint	Feature Class	Removed from PublicSafetyPlanning feature dataset.
ssDischargePoint	Feature Class	Revised PERMIT field definition and removed domain.
ssLateralLine	Feature Class	Revised LINETYPE field definition and field alias.
StateBoundary	Feature Class	Removed from AdministrativeArea feature dataset.
StreetIntersection	Feature Class	Added OWNEDBY and MAINTBY fields.
swDischargePoint	Feature Class	Revised PERMIT field definition and removed domain.
WaterUtilityDistrict	Feature Class	Added to WaterDistribution feature dataset.
wOperationalArea	Feature Class	Removed from WaterDistribution feature dataset.
wPressureZone	Feature Class	Removed from WaterDistribution feature dataset.
AnimalComplaints	Raster	Removed from geodatabase.
PotholeComplaints	Raster	Removed from geodatabase.
StreetLightOutages	Raster	Removed from geodatabase.
PlanHasComments	Relationship Class	Removed from geodatabase, included in the ArcGIS for Local Government Service Catalog.
ProjectHasComments	Relationship Class	Removed from geodatabase, included in the ArcGIS for Local Government Service Catalog.
SchoolDistrictHasSchools	Relationship Class	Added to AdministrativeArea feature dataset.
PlanComment	Table	Removed from geodatabase, included in the ArcGIS for Local Government Service Catalog.
ProjectComment	Table	Removed from geodatabase, included in the ArcGIS for Local Government Service Catalog.
FiveMeterHillshade	Raster	Removed from geodatabase.
FiveMeterSurface	Raster	Removed from geodatabase.

Local Government Information Model Release Notes
Release: December 2015

The following is a set of release notes for the Local Government Information Model.   Please refer to the Data Dictionary for additional information.

GDB Item	GDB Item Type	Description of Change
ElectionResults	Feature Dataset	Removed Feature Dataset and all feature classes contained within.
PollingPlace	Feature Class	Added WAITTIME field.
FireIncident	Feature Class	Added to FireServiceOperations feature dataset.
SignCode	Domain	Revised I-5 value, added I-6 through I-9 from MUTCD.

Local Government Information Model Release Notes
Release: October 2015

The following is a set of release notes for the Local Government Information Model.   Please refer to the Data Dictionary for additional information.

GDB Item	GDB Item Type	Description of Change
AirIncident FCode	Domain	Removed domain.
AssessAppealReason	Domain	Added domain.
AssessAppealType	Domain	Added domain.
BuildingRoofForm	Domain	Added domain.
CivilDisturbanceIncident FCode	Domain	Removed domain.
CommodityStagingType	Domain	Added domain.
CriminalActivityIncident FCode	Domain	Removed domain.
EmergencyPODType	Domain	Added domain.
FireIncident FCode	Domain	Removed domain.
GeologicIncident FCode	Domain	Removed domain.
HazardousMaterialsIncident FCode	Domain	Removed domain.
HealthAgricultureAnimal FCode	Domain	Removed domain.
HydroMeterologicalIncident FCode	Domain	Removed domain.

IncidentType	Domain	Added domain.
InfestationIncident FCode	Domain	Removed domain.
MarineIncident FCode	Domain	Removed domain.
PublicHealth Incident FCode	Domain	Removed domain.
RailIncident FCode	Domain	Removed domain.
RoadBlockDuration	Domain	Added domain.
SiteAddressClass	Domain	Fixed a typo in the Transportation Facility domain value.
VehicleIncident FCode	Domain	Removed domain.
AssessAppealApplicants	Feature Class	Added to AssessmentInformation feature dataset.
Building	Feature Class	Renamed BLGHEIGHT to BLDGHEIGHT.
BuildingExterior	Feature Class	Added BLDGKEY, BLDGEXTID, BLDGDESC, BLDGATTR fields.
BuildingFootprint	Feature Class	Added BASEELEV, EAVEHEIGHT, ROOFFORM, ROOFDIRECT , FLOORCOUNT fields. Removed NUMSTORIES field.
CommodityDistributionPoint	Feature Class	Added to PublicSafetyPlanning feature dataset.
CommodityStagingPoint	Feature Class	Added to PublicSafetyPlanning feature dataset.
CountyDistrict	Feature Class	Added PARTY1, PARTY2, PARTY3, REPNAME1, REPNAME2, REPNAME2, DISTRICTURL1, DISTRICTURL2, DISTRICTURL3 fields. Removed REPNAME and DISTRICTURL fields.
EarlyVotingLocation	Feature Class	Added to ElectionAdministration feature dataset.
EducationFacility	Feature Class	Revised feature class alias. Added NUMSTUDENT field.
FloodImpactArea	Feature Class	Removed SUBTYPEFIELD and FCODE fields. Added CATEGORY and INCIDENTTP fields.
IncentiveZone	Feature Class	Added to LandUsePlanning feature dataset.
MedicalFacility	Feature Class	Added NUMBEDS field.
OpsIncidentArea	Feature Class	Removed subtype. Added CATEGORY, INCIDENTTP, and DESCRIP fields. Removed SUBTYPEFIELD and DESCRIPTION fields.
OpsIncidentLine	Feature Class	Removed subtype. Added CATEGORY, INCIDENTTP, and DESCRIP fields. Removed SUBTYPEFIELD and DESCRIPTION fields.
OpsIncidentPoint	Feature Class	Removed subtype. Added CATEGORY, INCIDENTTP, and DESCRIP fields. Removed SUBTYPEFIELD and DESCRIPTION fields.
RoadBlock	Feature Class	Added DIRECTION, ACTIVE, BLOCKOCCUR fields.
RoadBlockPoint	Feature Class	Added DIRECTION, ACTIVE, BLOCKOCCUR fields.
SpecialNeedPopulation	Feature Class	Added SPECMEDS field. Removed domain on SPECEQUIP field. Changed TRANSPORT, EVACPLAN, and SERANIMAL fields to short integer.
StateHouseDistrict	Feature Class	Removed POPULATION field. Added PARTY field.
StateSenateDistrict	Feature Class	Removed POPULATION field. Added PARTY field.

Trail	Feature Class	Updated field aliases on WIDTH and LENGTH fields.
USHouseDistrict	Feature Class	Removed POPULATION field. Added PARTY field.
USSenateDistrict	Feature Class	Removed POPULATION field. Added PARTY1 and PARTY2 fields.
VotingPrecincts	Feature Class	Attachments have been enabled on this layer.
BldgIntSpaceHasEmployees	Relationship Class	Added relationship class to FacilitiesStreets feature dataset.
BuildingFootprintHasExteriors	Relationship Class	Added relationship class to ReferenceData feature dataset.
PrecinctHasPollingPlaces	Relationship Class	Added relationship class to ElectionAdministration feature dataset.
PollingPlaceComment	Table	Removed table.
PrecinctPollingPlace	Table	Removed table.

CommercialBusiness	Feature Class	Added feature class to ReferenceData feature dataset.
CommunityEvent	Feature Class	Added feature class to LandUseOperations feature dataset.
DrinkingWaterAdvisory	Feature Class	Removed feature class.
EducationFacility	Feature Class	Added feature class to ReferenceData feature dataset.
Encumbrance	Feature Class	Renamed AREA to STATEAREA.
ExternalAgencyProject	Feature Class	Added PROJDESC, PLANSTART, PLANEND, POCNAME, POCPHONE, POCEMAIL fields. Removed STARTDATE, ENDDATE, CONTACTNAME, PHONE, EMAIL, LASTUPDATE, LASTEDITOR, GlobalID fields.
GolfCourse	Feature Class	Added feature class to ReferenceData feature dataset.
Hospital	Feature Class	Renamed Hospital feature class to MedicalFacility.
HouseWorship	Feature Class	Added feature class to ReferenceData feature dataset.
InfrastructureProject	Feature Class	Added feature class to InfrastructureOperations feature dataset.
LandUseCase	Feature Class	Added NUMVOTES field.
luCodeViolation	Feature Class	Renamed VISABLE to VISIBLE.
MarkupPolygon	Feature Class	Removed feature class.
OutfallInspection	Feature Class	Removed feature class.
OwnerParcel	Feature Class	Renamed AREA to STATEAREA.
PavementMoratorium	Feature Class	Added feature class to InfrastructureOperations feature dataset.
piProject	Feature Class	Removed feature class.

piWorkorder	Feature Class	Removed feature class.
SCADASite	Feature Class	Removed feature class.
ssBackupEvent	Feature Class	Removed feature class.
ssGravityMainsWithOverflow	Feature Class	Removed feature class, no longer used in Water Utility Capital Project Planning Solution.
ssLateralLinesWithBackup	Feature Class	Removed feature class, no longer used in Water Utility Capital Project Planning Solution.
ssMainsWithCCTVScore	Feature Class	Removed feature class, no longer used in Water Utility Capital Project Planning Solution.
ssMainsWithLifeExpectancy	Feature Class	Removed feature class, no longer used in Water Utility Capital Project Planning Solution.
ssManholeInspection	Feature Class	Removed feature class.
ssOverflowEvent	Feature Class	Removed feature class.
TapPoint	Feature Class	Removed feature class.
wDefectsPerMileofMain	Feature Class	Removed feature class, no longer used in Water Utility Capital Project Planning Solution.
wLeak	Feature Class	Removed feature class.
wMainsWithLifeExpectancy	Feature Class	Removed feature class, no longer used in Water Utility Capital Project Planning Solution.
wMainsWithOverlapProjects	Feature Class	Removed feature class, no longer used in Water Utility Capital Project Planning Solution.
wMainsWithWaterComplaints	Feature Class	Removed feature class, no longer used in Water Utility Capital Project Planning Solution.

StreetCurbType	Domain	Added domain.
StreetLaneWidth	Domain	Added domain.
StreetNumberLanes	Domain	Added domain.
StreetSpeedLimit	Domain	Added domain.
Arrest	Feature Class	Added feature class to LawEnforcementOperations feature dataset.
BridgeMaintAgreement	Feature Class	Added feature class to InfrastructureOperations feature dataset.
BridgePoint	Feature Class	Added the following fields: LNONSTR, LNUNSTR, AVGTRAFFIC, YRTRAFFIC, NUMSPAN, APPWIDTH, MEDIAN
CallService	Feature Class	Added feature class to LawEnforcementOperations feature dataset.
DamageResBuilding	Feature Class	Added the HOMETYPE field.
FireSafetySurvey	Feature Class	Added feature class to FireServiceOperations feature dataset.
LandscapeMaintAgreement	Feature Class	Added feature class to InfrastructureOperations feature dataset.

LawBoundary	Feature Class	Added feature class to LawEnforcementOperations feature dataset.
Offense	Feature Class	Added feature class to LawEnforcementOperations feature dataset.
ParkingPayStation	Feature Class	Added feature class to FacilitiesStreets feature dataset.
ParkingSpace	Feature Class	Added the following fields: SPACELOC, FULLADDR, LOCDESC, EVSTATION, OPERDAYS, OPERHOURS, RESTRICTION, PAYTYPE, PAYDEVICE, PARKRATE, PARKDUR, MAXIMUMDUR, DAILY, MONTHLY, TOTALSPOT
Parolee	Feature Class	Added feature class to LawEnforcementOperations feature dataset.
PaveMarkMaintAgreement	Feature Class	Added feature class to InfrastructureOperations feature dataset.
PlanDrawing	Feature Class	Added feature class to InfrastructureOperations feature dataset.
Pole	Feature Class	Added INTERSECTID, POLESHAPE, POLEUSE, MASTARM, JOINTUSE, LOCDESC and CABINETID fields. Refined POLETYPE definition.
Probationer	Feature Class	Added feature class to LawEnforcementOperations feature dataset.
RoadBlock	Feature Class	Changed geometry type from point to line and moved feature class to InfrastructureOperations feature dataset. Added the following fields: STARTDATE, ENDDATE, BLOCKTYPE, COMMENT, ALTROUTE, FULLCLOSE, CONTACT. Renamed STREETS field to LOCDESC.
RoadBlockPoint	Feature Class	Added feature class to InfrastructureOperations feature dataset.
RoadDetour	Feature Class	Added feature class to InfrastructureOperations feature dataset.
SanitaryMaintAgreement	Feature Class	Added feature class to InfrastructureOperations feature dataset.
SexOffender	Feature Class	Added feature class to LawEnforcementOperations feature dataset.
Sign	Feature Class	Changed data type from Table to Feature Class and added to FacilitiesStreets feature dataset. Added the following fields: SIGNHEIGHT, SIGNWIDTH, SIGNTXT, SHEETING. Removed SIGNSIZE and ROTATION.
Signal	Feature Class	Changed data type from Table to Feature Class and added to FacilitiesStreets feature dataset. Added the following fields: BULBTYPE, BACKPLATE, DIRECTLENSE, PREEMPTION, TSPCONTROL, MOUNTTYPE, and APPROACH. Removed the following fields: CABINETTYPE, CABINETSIZE, CABINETLOC, ROTATION and POWERSUPPLY.
SignalCabinet	Feature Class	Added feature class to FacilitiesStreets feature dataset.
SignalMaintAgreement	Feature Class	Added feature class to InfrastructureOperations feature dataset.
SignMaintAgreement	Feature Class	Added feature class to InfrastructureOperations feature dataset.
ssManhole	Feature Class	Increased the size of the FLOWDIR field.
StormwaterMaintAgreement	Feature Class	Added feature class to InfrastructureOperations feature dataset.
Street	Feature Class	Removed the following fields: ROUTEID, FACILITYID, ENABLED, FEDROUTE, STROUTE, CTYROUTE, OWNEDBY, MAINTBY.
StreetBikeLane	Feature Class	Added feature class to FacilitiesStreets feature dataset.
StreetCurbType	Feature Class	Added feature class to FacilitiesStreets feature dataset.
StreetFunctionalClass	Feature Class	Added feature class to FacilitiesStreets feature dataset.
StreetIntersection	Feature Class	Added feature class to FacilitiesStreets feature dataset.
Streetlight	Feature Class	Changed data type from Table to Feature Class and added to FacilitiesStreets feature dataset. Added the following fields: WATTAGE. Removed the following fields: ROTATION.
StreetlightMaintAgreement	Feature Class	Added feature class to InfrastructureOperations feature dataset.
StreetMaintAgreement	Feature Class	Added feature class to InfrastructureOperations feature dataset.
StreetNumberLane	Feature Class	Added feature class to FacilitiesStreets feature dataset.
StreetOwnership	Feature Class	Added feature class to FacilitiesStreets feature dataset.
StreetPavementType	Feature Class	Added feature class to FacilitiesStreets feature dataset.
StreetSnowRoute	Feature Class	Added feature class to FacilitiesStreets feature dataset.
StreetSpeedLimit	Feature Class	Added feature class to FacilitiesStreets feature dataset.
StreetTruckRoute	Feature Class	Added feature class to FacilitiesStreets feature dataset.
swManhole	Feature Class	Increased the size of the FLOWDIR field.
TaxRevertedProperty	Feature Class	Added feature class to AssessmentInformation feature dataset.
TrafficCamera	Feature Class	Added feature class to FacilitiesStreets feature dataset.
Warrant	Feature Class	Added feature class to LawEnforcementOperations feature dataset.
WaterMaintAgreement	Feature Class	Added feature class to InfrastructureOperations feature dataset.
StreetIntersectionDetail	Table	Added table.
StreetNetwork	Topology	Added topology to FacilitiesStreets feature dataset.

PreIncidentPlanResponse	Domain	Added domain.
PreIncidentPlanRoofCover	Domain	Added domain.
PreIncidentPlanRoofType	Domain	Added domain.
PreIncidentPlanSafetyHazard	Domain	Added domain.
PreIncidentPlanStatus	Domain	Added domain.

PreIncidentPlanUtilityShutoff	Domain	Added domain.
PreIncidentPlanVentilation	Domain	Added domain.
PreIncidentPlanVerticalAccess	Domain	Added domain.
PreIncidentPlanWallType	Domain	Added domain.
Race	Domain	Added domain.
RedCrossShelterModel	Domain	Added domain.
ServiceRequestType	Domain	Altered domain. Added domain values to support community-oriented policing requirements.
ShelterOperationalStatus	Domain	Altered domain.
SpecialEventAreaType	Domain	Altered domain.
SpecialEventLineType	Domain	Altered domain.
SpecialEventPointType	Domain	Altered domain.
State_Bnd_Rules	Domain	Removed domain.
ssPumpType	Domain	Added domain.
swWeirShape	Domain	Added domain.
swWeirType	Domain	Added domain.
VideoFeedType	Domain	Added domain.
wHydrantManufacturer	Domain	Altered domain. Added Iowa Valve to list of valid domain values.
AdministrativeBoundaryLine	Feature Class	Removed cartographic representations from feature class.
AED	Feature Class	Added feature class to FireServiceOperations feature dataset.
BuildingPhotoLocation	Feature Class	Renamed feature class to BuildingPhotoLoc to avoid conflict with RDBMS item lengths.
CommunityCenter	Feature Class	Added feature class to ReferenceData feature dataset.
ControlCorner	Feature Class	Added STATUS field. Deleted ACTIVE field.
DamageCommercialBuilding	Feature Class	Renamed feature class to DamageComBuilding to avoid conflict with RDBMS item lengths.
DamageResidentialBuilding	Feature Class	Renamed feature class to DamageResBuilding to avoid conflict with RDBMS item lengths.
DrinkingWaterAdvisory	Feature Class	Added feature class to InfrastructureOperations feature dataset.
EmergencyShelter	Feature Class	Added feature class.
EvacuationArea	Feature Class	Added EVACTYPE , DESCRIPTION, and EVACURL fields.
FieldInterview	Feature Class	Added feature class to LawEnforcementOperations feature dataset.
FireBoundary	Feature Class	Moved feature class to FireServiceOperations feature dataset.
FireBoundaryLine	Feature Class	Moved feature class to FireServiceOperations feature dataset.
FireMapIndex	Feature Class	Moved feature class to FireServiceOperations feature dataset.
FireResponseRestrictLine	Feature Class	Resolved an issue with the feature type and moved feature class to FireServiceOperations feature dataset.
FireResponseRestrictPoint	Feature Class	Moved feature class to FireServiceOperations feature dataset.
FireStation	Feature Class	Added feature class to ReferenceData feature dataset.
HazardousFacility	Feature Class	Added feature class to ReferenceData feature dataset.
Hospital	Feature Class	Added feature class to ReferenceData feature dataset.
Library	Feature Class	Added feature class to ReferenceData feature dataset.
luPermit	Feature Class	Changed ESTCOST field to a Double.
Museum	Feature Class	Added feature class to ReferenceData feature dataset.
MissionReadyPackage	Feature Class	Added feature class.
NFPA704	Feature Class	Moved feature class to FireServiceOperations feature dataset.
Park	Feature Class	Added feature class to ReferenceData feature dataset.
PoliceStation	Feature Class	Added feature class to ReferenceData feature dataset.
PostOffice	Feature Class	Added feature class to ReferenceData feature dataset.
PreFirePlan	Feature Class	Renamed to PreIncidentPlan.
PreFirePlanLine	Feature Class	Renamed to PreIncidentPlanLine.
PreFirePlanNote	Feature Class	Renamed to PreIncidentPlanNote.
PreFirePlanPoint	Feature Class	Renamed to PreIncidentPlanPoint.
PreIncidentComplex	Feature Class	Added feature class to PublicSafetyPlanning feature dataset.
PreIncidentPlanPhoto	Feature Class	Added feature class to PublicSafetyPlanning feature dataset.

PreIncidentPlan	Feature Class	Added COMPLEXID, DISTRICTID, BLDGHEIGHT, FLOORCOUNT, BLDGAREA, CAPACITY, FIRELOAD, CONSTRTYP, ROOFTYPE, ROOFCOVER, WALLTYPE, BASEMENT, SPRINKLED, WTRSUPPLY, KEYBOX, INSPECTOR, and STATUS fields.
PreIncidentPlanLine	Feature Class	Added COMPLEXID field.
PreIncidentPlanNote	Feature Class	Added COMPLEXID and NOTETYPE fields.
PreIncidentPlanPoint	Feature Class	Added COMPLEXID field.
PublicWork	Feature Class	Added feature class to ReferenceData feature dataset.
RailroadStation	Feature Class	Added feature class to ReferenceData feature dataset.
RecyclingFacility	Feature Class	Added feature class to ReferenceData feature dataset.
RoadCenterline	Feature Class	Added STATELEFT and STATERIGHT fields.
SecurityImprovement	Feature Class	Added feature class to PublicSafetyPlanning feature dataset.
SpecialEvent	Feature Class	Added ESTCOST field.
SpecialEventArea	Feature Class	Added ESTCOST field.
SpecialEventLine	Feature Class	Added ESTCOST field.
SpecialEventPoint	Feature Class	Added ESTCOST field.
ssBend	Feature Class	Added feature class to SewerStormwater feature dataset.
ssPump	Feature Class	Added feature class to SewerStormwater feature dataset.
ssValveOperator	Feature Class	Added feature class to SewerStormwater feature dataset.
ssVault	Feature Class	Added feature class to SewerStormwater feature dataset.
swGravityMain	Feature Class	Added PIPETYPE field.
swPressurizePipe	Feature Class	Added feature class to Stormwater feature dataset.
swWeirStructure	Feature Class	Added feature class to Stormwater feature dataset.
TapPoint	Feature Class	Added feature class to InfrastructureOperations feature dataset.
TargetHazard	Feature Class	Added feature class to FireServiceOperations feature dataset.
TaxParcel	Feature Class	Added STATEDAREA, FLOORCOUNT, BLDGAREA, and LGLSTARTDT fields.
USSenate	Feature Class	Added REPNAME1, RENAME2, DISTRICTURL1 and DISTRICTURL2 fields. Deleted REPNAME and DISTRICTURL fields.
VideoFeed	Feature Class	Added FLOOR, and INTERFLOOR fields.
Waterbody	Feature Class	Renamed TYPE field to WTRTYPE to avoid conflict with RDBMS reserved fields.
Waterline	Feature Class	Renamed TYPE field to WTRTYPE to avoid conflict with RDBMS reserved fields.
wHydrantInspection	Feature Class	Added OBSTRUCTED and LOCDESC fields. Altered length and definition of MTCERQRD field.
FireServiceOperations	Feature Dataset	Added feature dataset.
LawEnforcementOperations	Feature Dataset	Added feature dataset.
Water_Distribution_Network	Geometric Network	Renamed the network to Water_Net to avoid conflict with RDBMS item lengths.
Composite	Locator	Added locator.
DualRange	Locator	Added locator.
PlaceName	Locator	Added locator.
SiteAddress	Locator	Added locator.
StreetName	Locator	Added locator.
LandUseCaseHasluCasePublicComments	Relationship Class	Removed relationship class, no longer needed in information model to support application.
IrParceltoCondo	Relationship Class	Resolved issue with relationship class. Relationship class now set from Parcel Class Name field to TaxParcelCondo LOWPARCELID field (1toM).
luCodeViolationHasluCodeViolationInspection	Relationship Class	Renamed relationship class to luCodeViolationHasInspections to avoid conflict with RDBMS item lengths.
ParkRecInfoHasParkRecComments	Relationship Class	Removed relationship class, no longer needed in information model to support application.
PollingPlaceHasPollingPlaceComments	Relationship Class	Removed relationship class, no longer needed in information model to support application.
PrecinctPollingPlaceHasPollingPlaces	Relationship Class	Removed relationship class, no longer needed in information model to support application.
ServiceRequestHasServiceRequestComment	Relationship Class	Removed relationship class, no longer needed in information model to support application.
luCodeViolationInspection	Table	Renamed table name to luCodeInspection to avoid conflict with RDBMS item lengths.
ParkRecInfo	Table	Removed feature attachments.

Local Government Information Model Release Notes
Release Date: 11/2012

The following is a set of release notes for the Local Government Information Model.
Please refer to the Data Dictionary for additional information.

GDB Item	GDB Item Type	Description of Change
LocalGovernment	GDB Workspace	Added a summary and description to clarify use and release date (version number).
ExecutiveReportingFrequency	Domain	Added domain.
PavementMarkingType	Domain	Altered domain. Added Fire lane to list of valid domain values.
PerformanceIndicators	Domain	Added domain.
piManholeType	Domain	Altered domain values to clarify use.
RRWarningDevice	Domain	Altered domain. Removed duplicative domain value (Flashing-Light OH Signal).
SpecialEventAreaType	Domain	Altered domain. Added to list of valid domain values items needed by Fire Service community to support event planning.
SpecialEventLineType	Domain	Altered domain. Added to list of valid domain values items needed by Fire Service community to support event planning.
SpecialEventPointType	Domain	Altered domain. Added to list of valid domain values items needed by Fire Service community to support event planning.
ZoningRegulationQualifier	Domain	Added domain.
ZoningRegulationType	Domain	Added domain.
ZoningRegulationUnit	Domain	Added domain.
ValueMethod	Domain	Altered domain. Added UPDATE_LINKED_RECORD and PREVIOUS_VALUE to list of valid domain values.
BuildingFloor	Feature Class	Resolved an issue with feature attachments.
BuildingPhotoLocation	Feature Class	Resolved an issue with feature attachments.
CensusBlock	Feature Class	Revised schema and added content from 2012 Census MAF/TIGER database. (http://www.census.gov/geo/www/tiger/tgrshp2012/tgrshp2012.html)
CensusBlockGroup	Feature Class	Revised schema and added content from 2012 Census MAF/TIGER database. (http://www.census.gov/geo/www/tiger/tgrshp2012/tgrshp2012.html)
CensusLandmarkPoint	Feature Class	Revised schema and added content from 2012 Census MAF/TIGER database. (http://www.census.gov/geo/www/tiger/tgrshp2012/tgrshp2012.html)
CensusTract	Feature Class	Revised schema and added content from 2012 Census MAF/TIGER database. (http://www.census.gov/geo/www/tiger/tgrshp2012/tgrshp2012.html)
DamageCommercialBuilding	Feature Class	Removed IMAGE field. Added feature attachments.
DamagePublicFacility	Feature Class	Removed IMAGE field. Added feature attachments.
DamageResidentialBuilding	Feature Class	Removed IMAGE field. Added feature attachments.
FacilitySitePoint	Feature Class	Added feature attachments.
PerformanceIndicator	Feature Class	Added feature class to ExecutiveReporting feature dataset.
piWorkorder	Feature Class	Altered field descriptions to clarify use.
Sign	Feature Class	Resolved an issue with feature attachments.
wMain	Feature Class	Added TRANSMISS field.
wStructure	Feature Class	Added feature class to WaterDistribution feature dataset.
wTestStation	Feature Class	Deleted GPS, GPSDATE, GPSYEAR fields.
ExecutiveReporting	Feature Dataset	Added feature dataset.
LandUseCurrent	FeatureClass	Added BASEELEV and HEIGHT fields and enabled Z values on the feature class.
RoadCenterline	FeatureClass	Renamed CFCCCODE field to MTFCC and altered field length to reflect requirements found in TIGER/MAF database.
ZoningDistrict	FeatureClass	Added BASEELEV and HEIGHT fields and enabled Z values on the feature class.
SewerStormwater_Net	Geometric Network	Recreated the geometric network. Removed swCasing and ssTestStation feature classes from network.
Stormwater_Net	Geometric Network	Recreated the geometric network. Removed swCasing feature class from network.
WaterDistribution_Net	Geometric Network	Recreated the geometric network. Removed wElevationPoint, wSamplingPoint and wTestStation feature classes from network.
AnimalComplaints	Raster Dataset	Added raster dataset.
PotholeComplaints	Raster Dataset	Added raster dataset.
StreetLightOutages	Raster Dataset	Added raster dataset.

ParkRecInfoHasParkRecComments	Relationship Class	Added ParkRecInfoHasParkRecComments relationship class to manage comments submitted by the general public about park and recreation facilities.
ZoningDistrictHasZoningRegs	Relationship Class	Added ZoningDistrictHasZoningRegs relationship class to manage zoning regulations related to zoning districts.
Census2010SummaryFile1	Table	Added Census2010SummaryFile1 table to manage official population counts from 2010 Census.
DynamicValue	Table	Added ON_CHANGEGEO field.
GenerateID	Table	Added SEQINTERV field.
ParkRecComment	Table	Added ParkRecComment table to store comments submitted by the general public about park and recreation facilities.
ParkRecInfo	Table	Added feature attachments.
ZoningRegulations	Table	Added table to manage zoning regulations used in 3D maps and applications.

PreFirePlanVentilationType	Domain	Added domain.
PreFirePlanVerticalAccessType	Domain	Added domain.
Public Attractions and Landmarks Structures Fcode	Domain	Altered domain. Added Sports Complex to list of valid domain values.
TreeCanopyShape	Domain	Added domain.
TreeCommonType	Domain	Added domain.
TreeGenusType	Domain	Added domain.
TreeSpeciesType	Domain	Added domain.

ValueMethod	Domain	Altered domain values to reflect current value methods supported in Attribute Assistant Add-In.
AddressEntrancePoint	Feature Class	Added RESTACCESS field.
AssignmentBreak	Feature Class	Altered feature class and field descriptions to clarify use of data.
AssignmentBreakLabel	Feature Class	Altered feature class and field descriptions to clarify use of data.
Building	Feature Class	Added BLGHEIGHT field.
BuildingExterior	Feature Class	Added feature class to ReferenceData feature dataset.
BuildingFloor	Feature Class	Added FLOORHEIGHT field.
BuildingFootprint	Feature Class	Removed the RuleID, RuleID_1, Override and Override_1 fields from feature class - no longer using Cartographic Reps on Building Footprint layers.
BuildingFootprint	Feature Class	Changed the BLDGHEIGHT field type from a Short Integer to Double.
BuildingInteriorSpace	Feature Class	Added SPACEFORM, SPACEFUNC, and SPACEUSE fields.
CitizenPlanningProposal	Feature Class	Altered field alias and description of date/time fields to clarify when UTC time is used.
CommunityAddress	Feature Class	Added feature class to CitizenService feature dataset.
ControlCorner	Feature Class	Deleted STATUS, ERRORX, ERRORY, ERRORZ fields.
ControlCorner	Feature Class	Added ACCURACYXY, ACCURACYZ, SURVEYDT and ACTIVE fields.
DamageAssessment	Feature Class	Deleted feature class
DamageCommercialBuilding	Feature Class	Added feature class to EmergencyOperations feature dataset.
DamagePublicFacility	Feature Class	Added feature class to EmergencyOperations feature dataset.
DamageResidentialBuilding	Feature Class	Added feature class to EmergencyOperations feature dataset.
FireBoundary	Feature Class	Added feature class to PublicSafetyPlanning feature dataset.
FireBoundaryLine	Feature Class	Added feature class to PublicSafetyPlanning feature dataset.
FireMapIndex	Feature Class	Added feature class to PublicSafetyPlanning feature dataset.
FireResponseRestrictLine	Feature Class	Added feature class to PublicSafetyPlanning feature dataset.
FireResponseRestrictPoint	Feature Class	Added feature class to PublicSafetyPlanning feature dataset.
HistoricDamageAssessment	Feature Class	Deleted feature class. Encouraging users to create a separate File Geodatabase to manage historic damage assessment information.
HydrantMapIndex	Feature Class	Removed feature class - no longer used in information model.
LandBase	Feature Class	Deleted TYPE filed.
LandForm	Feature Class	Renamed TYPE field to LNDFORMTYP to avoid conflict with RBDMS reserved fields.
luCodeViolation	Feature Class	Altered field alias and description of date/time fields to clarify when UTC time is used.
MunicipalBoundary	Feature Class	Renamed TYPE field to MUNITYP to avoid conflict with RBDMS reserved fields.
NFPA704	Feature Class	Added feature class to PublicSafetyPlanning feature dataset.
OpsIncidentArea	Feature Class	Altered field alias and description of date/time fields to clarify when UTC time is used.
OpsIncidentLine	Feature Class	Altered field alias and description of date/time fields to clarify when UTC time is used.
OpsIncidentPoint	Feature Class	Altered field alias and description of date/time fields to clarify when UTC time is used.
ParcelMarkup	Feature Class	Altered field alias and description of date/time fields to clarify when UTC time is used.
piWorkorder	Feature Class	Added PRIORITY field.
PLSSQuarterSection	Feature Class	Added SECDIVNO, SECDIVSUF, and SECDIVTYP fields.
PLSSSection	Feature Class	Added FRSTDIVTYP, and FRSTDIVDUP fields.
PLSSTownship	Feature Class	Added PRINMER, TWNSHPFRAC, RANGEFRAC, TWNSHPDPCD, SURVTYP, SURVTYPTXT, and PLSSID fields.
PreFirePlan	Feature Class	Added feature class to PublicSafetyPlanning feature dataset.
PreFirePlanLine	Feature Class	Added feature class to PublicSafetyPlanning feature dataset.
PreFirePlanNote	Feature Class	Added feature class to PublicSafetyPlanning feature dataset.
PreFirePlanPoint	Feature Class	Added feature class to PublicSafetyPlanning feature dataset.
Railroad	Feature Class	Renamed TYPE field to RAILTYP to avoid conflict with RBDMS reserved fields.
ServiceRequest	Feature Class	Altered field alias and description of date/time fields to clarify when UTC time is used.
Sign	Feature Class	Added DISTTOTOP field.
Signal	Feature Class	Added DISTTOTOP field.

ssGravityMainsThatHadAnOverflow	Feature Class	Renamed feature class to ssGravityMainsWithOverflow
ssGravityMainsWithOverflow	Feature Class	Renamed DATE field to REPORTDT to avoid conflict with RBDMS reserved fields.
ssLateralLinesThatHadBackup	Feature Class	Renamed feature class to ssLateralLinesWithBackup
ssLateralLinesWithBackup	Feature Class	Renamed DATE field to REPORTDT to avoid conflict with RBDMS reserved fields.
ssMainsWithCCTVScore	Feature Class	Renamed DATE field to REPORTDT to avoid conflict with RBDMS reserved fields.
Streetlight	Feature Class	Added DISTTOTOP field.
swControlValve	Feature Class	Altered the domain value on the VALVETYPE field (now piControlValveType).
Tree	Feature Class	Enabled Z coordinate values and added TREEAGE, TRUNKHEIGHT, TRUNKDIAM, CANOPYSHP fields. Also, added domains for common name, species and genus.
wHydrant	Feature Class	Added FLOW field.
wMainsThatHaveWaterComplaints	Feature Class	Renamed feature class to wMainsWithWaterComplaints
wMainsThatOverlapOtherProjects	Feature Class	Renamed feature class to wMainsWithOverlapProjects
wMainsWithLifeExpectancy	Feature Class	Renamed DATE field to REPORTDT to avoid conflict with RBDMS reserved fields.
wMainsWithOverlapProjects	Feature Class	Renamed DATE field to REPORTDT to avoid conflict with RBDMS reserved fields.
wMainsWithTraceSummary	Feature Class	Renamed DATE field to REPORTDT to avoid conflict with RBDMS reserved fields.
wMainsWithWaterComplaints	Feature Class	Renamed DATE field to REPORTDT to avoid conflict with RBDMS reserved fields.
wNumberOfDefectsPerArea	Feature Class	Renamed DATE field to REPORTDT to avoid conflict with RBDMS reserved fields.
wPipeCriticality	Feature Class	Renamed DATE field to REPORTDT to avoid conflict with RBDMS reserved fields.
luCasePublicComment	Table	Altered field alias and description of date/time fields to clarify when UTC time is used.
luCodeViolationInspection	Table	Altered field alias and description of date/time fields to clarify when UTC time is used.
MasterStreetName	Table	Added ROADPREMOD and ROADPOSTMOD fields.
ParkRecInfo	Table	Added PARKAREA and PARKURL fields.
PollingPlaceComment	Table	Altered field alias and description of date/time fields to clarify when UTC time is used.
ServiceRequestComment	Table	Altered field alias and description of date/time fields to clarify when UTC time is used.
